# LANGUAGE, SPEECH, AND HEARING SERVICES IN SCHOOLS
# INDEX TO VOLUME 15, 1984

Author Index ..... 299
Subject Index ..... 300
Title Index ..... 302

## Author Index

Andress, A. *See* Salend & Andress, Jan., 16-21.

Andrews, M. L., & Tardy, S. J. The modification of hypernasality in young children: A programming approach. Jan., 37-43.

Angst, D. M. *See* Childs & Angst, Oct., 262-266.

Ashby, R. P. *See* Blackburn et al., Jan., 22-31.

Baran, J. A., & Gengel, R. W. Test-retest reliability of three G-F-W subtests. July, 199-204.

Blackburn, D. W., Bonvillian, J. D., & Ashby, R. P. Manual communication as an alternative mode of language instruction for children with severe reading disabilities. Jan., 22-31.

Bonvillian, J. D. *See* Blackburn et al., Jan., 22-31.

Brey, R. H. *See* Robinette & Brey, Oct., 289-294.

Brinton, B. *See* Fujiki & Brinton, Apr., 98-109.

Casby, M. Simple switch modifications for use in augmentative communication. July, 216-220.

Childs, P. J., & Angst, D. M. Description of an ongoing special education preschool program. Oct., 262-266.

Coker, W. B., Jr. Homemade switches and toy adaptation for early training with nonspeaking persons. Jan., 32-36.

Condon, M. Performance of normal-hearing children on the SSW test, GFW noise subtest, and the GFW memory for sequence subtest. July, 192-198.

Dengerink, J. E., & Porter, J. B. Children's attitudes toward peers wearing hearing aids. July, 205-209.

Fujiki, M., & Brinton, B. Supplementing language therapy: Working with the classroom teacher. Apr., 98-109.

Gengel, R. W. *See* Baran & Gengel, July, 199-204.

Gullo, D. F., & Gullo, J. C. An ecological language intervention approach with mentally retarded adolescents. July, 182-191.

Gullo, D. F. *See* Mcloughlin & Gullo, July, 146-153.

Gullo, J. C. *See* Gullo & Gullo, July, 182-191.

Hanson, L. *See* Whaley & Hanson, Oct., 281-288.

Hixson, P. K. *See* Thompson & Hixson, July, 175-181.

Hyman, M. *See* Rastatter & Hyman, Jan., 44-50.

Johnson, A. R., Johnston, E. B., & Weinrich, B. D. Assessing pragmatic skills in children's language. Jan., 2-9.

Johnston, E. B. *See* Johnson et al., Jan., 2-9.

Jones, T. A. *See* McDermott & Jones, Apr., 110-126.

Kamhi, A. Problem solving in child language disorders: The clinician as clinical scientist. Oct., 226-234.

Kaplan, J. Additional information on battery-operated toys. July, 221.

Klein, H. B. Procedure for maximizing phonological information from single-word responses. Oct., 267-274.

Lange U. A. *See* Mullin & Lange U. A., July, 210-215.

Lively, M. Developmental sentence scoring: Common scoring errors. July, 154-168.

Madison, C. L. *See* Miller & Madison, Jan., 51-57.

Madison, C. L. *See* Miller & Madison, Jan., 58-64.

Madison, C. L., Meadors, D. L., & Miller, S. Q. A survey study of a public school voice clinic program. Oct., 275-280.

McCauley, R. J. Response to Owens, Haney, Giesow, Dooley, and Kelly. Apr., 141-142.

McDermott, R. P., & Jones, T. A. Articulation characteristics and listeners judgments of the speech of children with severe hearing loss. Apr., 110-126.

Mcloughlin, C. S., & Gullo, D. F. Comparison of three formal methods of preschool language assessment. July, 146-153.

McMillan, M. O. University outreach clinician training model. Oct., 295-298.

Meadors, D. L. *See* Madison et al., Oct., 275-280.

Miller, S. Q., & Madison, C. L. Public school voice clinics, Part 2: Diagnosis and recommendations—A 10-year review. Jan., 58-64.

Miller, S. Q., & Madison, C. L. Public school voice clinics, Part 1: A working model. Jan., 51-57.

Miller, S. Q. *See* Madison et al., Oct., 275-280.

Mullin, L. L., & Lange U. A. Does the ability of kindergarten children to retain auditory and visual stimuli improve with training?. July, 210-215.

Pannbacker, M. Classification systems of voice disorders: A review of the literature. July, 169-174.

Pepper, J. L. *See* Shewan & Pepper, Oct., 235-252.

Peterson-Falzone, S. Hypernasality: Comments on article by Andrews, Tardy, and Pasternak. July, 222-223.

Porter, J. B. *See* Dengerink & Porter, July, 205-209.

Rastatter, M. P., & Hyman, M. Effects of selected rhinologic disorders on the perception of nasal resonance in children. Jan., 44-50.

Rastatter, M. P. Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Oct., 253-261.

Riedlinger-Ryan, K. J., & Shewan, C. M. A comparison of auditory language comprehension skills in learning-disabled and academically achieving adolescents. Apr., 127-136.

Robinette, M. S., & Brey, R. H. Real-ear masking calibration for portable pure-tone audiometers. Oct., 289-294.

Vail, B. H. Story retelling as a screening tool. Apr., 140-141.
Weinrich, B. D. *See* Johnson et al., Jan., 2-9.
Whaley, P., & Hanson, L. Identification of filtered and attenuated natural speech by third- and sixth-grade children. Oct., 281-288.

SUBJECT INDEX

## HEARING

NATURE OF HEARING AND ITS DISORDER

**Normal Auditory Systems**

Identification of filtered and attenuated natural speech by third- and sixth-grade children. Whaley, P., & Hanson, L. Oct., 281-288.

**Hearing Loss and Deafness**

Articulation characteristics and listeners judgments of the speech of children with severe hearing loss. McDermott, R. P., & Jones, T. A. Apr., 110-126.

ASSESSMENT OF HEARING

**Acoustical Instruments, Measurements, and Standards**

Real-ear masking calibration for portable pure-tone audiometers. Robinette, M. S., & Brey, R. H. Oct., 289-294.

**Diagnostic Audiology—General**

Performance of normal-hearing children on the SSW test, GFW noise subtest, and the GFW memory for sequence subtest. Condon, M. July, 192-198.

INTERVENTION

**Habilitation, Rehabilitation, and Education**

Children's attitudes toward peers wearing hearing aids. Dengerink, J. E., & Porter, J. B. July, 205-209.
Identification of filtered and attenuated natural speech by third- and sixth-grade children. Whaley, P., & Hanson, L. Oct., 281-288.

**Hearing Aids and Other Prostheses**

Children's attitudes toward peers wearing hearing aids. Dengerink, J. E., & Porter, J. B. July, 205-209.

## LANGUAGE

NATURE OF NORMAL LANGUAGE

**Language Development**

Comparison of three formal methods of preschool language assessment. Mcloughlin, C. S., & Gullo, D. F. July, 146-153.

LANGUAGE DISORDERS

**Language Disorders in Children**

Assessing pragmatic skills in children's language. Johnson, A. R., Johnston, E. B., & Weinrich, B. D. Jan., 2-9.
Classification systems of voice disorders: A review of the literature. Pannbacker, M. July, 169-174.
Description of an ongoing special education preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.
Dynamic model of oral and/or signed language diagnosis. Schirmer, B. R. Apr., 76-82.
Functional-pragmatic evaluation of communication skills in school-aged children. Simon, C. S. Apr., 83-97.
Problem solving in child language disorders: The clinician as clinical scientist. Kamhi, A. Oct., 226-234.
Response to Owens, Haney, Giesow, Dooley, and Kelly. McCauley, R. J. Apr., 141-142.
Sentence imitation in kindergarten children at risk for learning disability: A comparative study. Swift, C. Jan., 10-15.
Standardization of the auditory comprehension test for sentences (ACTS) with children. Shewan, C. M., & Pepper, J. L. Oct., 235-252.
Story retelling as a screening tool. Vail, B. H. Apr., 140-141.
Supplementing language therapy: Working with the classroom teacher. Fujiki, M., & Brinton, B. Apr., 98-109.
Teaching parents to encourage independent problem solving in preschool-age children. Thompson, R. W., & Hixson, P. K. July, 175-181.

**Learning Disabilities**

A comparison of auditory language comprehension skills in learning-disabled and academically achieving adolescents. Riedlinger-Ryan, K. J., & Shewan, C. M. Apr., 127-136.
Description of an ongoing special education preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.

Manual communication as an alternative mode of language instruction for children with severe reading disabilities. Blackburn, D. W., Bonvillian, J. D., & Ashby, R. P. Jan., 22-31.
Performance of normal-hearing children on the SSW test, GFW noise subtest, and the GFW memory for sequence subtest. Condon, M. July, 192-198.
Sentence imitation in kindergarten children at risk for learning disability: A comparative study. Swift, C. Jan., 10-15.

**Language Disorders in Mental Retardation**

Additional information on battery-operated toys. Kaplan, J. July, 221.
An ecological language intervention approach with mentally retarded adolescents. Gullo, D. F., & Gullo, J. C. July, 182-191.

ASSESSMENT AND INTERVENTION

**Screening**

Comparison of three formal methods of preschool language assessment. Mcloughlin, C. S., & Gullo, D. F. July, 146-153.
Story retelling as a screening tool. Vail, B. H. Apr., 140-141.

**Assessment**

Assessing pragmatic skills in children's language. Johnson, A. R., Johnston, E. B., & Weinrich, B. D. Jan., 2-9.
Classification systems of voice disorders: A review of the literature. Pannbacker, M. July, 169-174.
Comparison of three formal methods of preschool language assessment. Mcloughlin, C. S., & Gullo, D. F. July, 146-153.
Developmental sentence scoring: Common scoring errors. Lively, M. July, 154-168.
Dynamic model of oral and/or signed language diagnosis. Schirmer, B. R. Apr., 76-82.
Homemade switches and toy adaptation for early training with nonspeaking persons. Coker, W. B., Jr. Jan., 32-36.
Problem solving in child language disorders: The clinician as clinical scientist. Kamhi, A. Oct., 226-234.
Response to Owens, Haney, Giesow, Dooley, and Kelly. McCauley, R. J. Apr., 141-142.
Standardization of the auditory comprehension test for sentences (ACTS) with children. Shewan, C. M., & Pepper, J. L. Oct., 235-252.
Test-retest reliability of three G-F-W subtests. Baran, J. A., & Gengel, R. W. July, 199-204.

**Intervention**

Contemporary juvenile literature depicting the communicatively impaired individual: A bibliography and implications for therapy. Tatelbaum, B. L. Apr., 137-139.
Description of an ongoing special education preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.
Does the ability of kindergarten children to retain auditory and visual stimuli improve with training?. Mullin, L. L., & Lange U. A. July, 210-215.
An ecological language intervention approach with mentally retarded adolescents. Gullo, D. F., & Gullo, J. C. July, 182-191.
Homemade switches and toy adaptation for early training with nonspeaking persons. Coker, W. B., Jr. Jan., 32-36.
Manual communication as an alternative mode of language instruction for children with severe reading disabilities. Blackburn, D. W., Bonvillian, J. D., & Ashby, R. P. Jan., 22-31.
Response to Owens, Haney, Giesow, Dooley, and Kelly. McCauley, R. J. Apr., 141-142.
Teaching parents to encourage independent problem solving in preschool-age children. Thompson, R. W., & Hixson, P. K. July, 175-181.

**Nonspeech Communications Systems**

Additional information on battery-operated toys. Kaplan, J. July, 221.
Homemade switches and toy adaptation for early training with nonspeaking persons. Coker, W. B., Jr. Jan., 32-36.

**Treatment**

Functional-pragmatic evaluation of communication skills in school-aged children. Simon, C. S. Apr., 83-97.
Supplementing language therapy: Working with the classroom teacher. Fujiki, M., & Brinton, B. Apr., 98-109.

## SPEECH

NATURE OF NORMAL SPEECH

**Anatomy and Physiology of the Adult Speech**

Effects of selected rhinologic disorders on the perception of nasal resonance in children. Rastatter, M. P., & Hyman, M. Jan., 44-50.
Procedure for maximizing phonological information from single-word responses. Klein, H. B. Oct., 267-274.
Public school voice clinics, Part 1: A working model. Miller, S. Q., & Madison, C. L. Jan., 51-57.
Public school voice clinics, Part 2: Diagnosis and recommendations—A 10-year review. Miller, S. Q., & Madison, C. L. Jan., 58-64.
Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Rastatter, M. P. Oct., 253-261.

SPEECH AND VOICE DISORDERS

**Articulation and Resonance Disorders**

Articulation characteristics and listeners judgments of the speech of children with severe hearing loss. McDermott, R. P., & Jones, T. A. Apr., 110-126.
Description of an ongoing special education preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.
Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Rastatter, M. P. Oct., 253-261.

**Craniofacial and Other Anomalies**

Effects of selected rhinologic disorders on the perception of nasal resonance in children. Rastatter, M. P., & Hyman, M. Jan., 44-50.

Hypernasality: Comments on article by Andrews, Tardy, and Pasternak. Peterson-Falzone, S. July, 222-223.
The modification of hypernasality in young children: A programming approach. Andrews, M. L., & Tardy, S. J. Jan., 37-43.

**Stuttering and Other Fluency Disturbances**

Decreasing stuttering in an elementary-level student. Salend, S. J., & Andress, A. Jan., 16-21.

**Voice and Other Laryngeal Disorders**

Public school voice clinics, Part 1: A working model. Miller, S. Q., & Madison, C. L. Jan., 51-57.
Public school voice clinics, Part 2: Diagnosis and recommendations—A 10-year review. Miller, S. Q., & Madison, C. L. Jan., 58-64.
A survey study of a public school voice clinic program. Madison, C. L., Meadors, D. L., & Miller, S. Q. Oct., 275-280.

ASSESSMENT AND INTERVENTION

**Screening**

Story retelling as a screening tool. Vail, B. H. Apr., 140-141.

**Assessment**

Test-retest reliability of three G-F-W subtests. Baran, J. A., & Gengel, R. W. July, 199-204.

**Acoustic Measures of Speech and Voice**

Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Rastatter, M. P. Oct., 253-261.

**Intervention**

Contemporary juvenile literature depicting the communicatively impaired individual: A bibliography and implications for therapy. Tatelbaum, B. L. Apr., 137-139.
Decreasing stuttering in an elementary-level student. Salend, S. J., & Andress, A. Jan., 16-21.
Description of an ongoing special education preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.
Does the ability of kindergarten children to retain auditory and visual stimuli improve with training?. Mullin, L. L., & Lange U. A. July, 210-215.
The modification of hypernasality in young children: A programming approach. Andrews, M. L., & Tardy, S. J. Jan., 37-43.

**Instrumentation for Diagnosis, Treatment, and Research**

Simple switch modifications for use in augmentative communication. Casby, M. July, 216-220.

**Nonspeech Communication Systems**

Simple switch modifications for use in augmentative communication. Casby, M. July, 216-220.

## PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

**Service Provision Models and Problems**

Eligibility for speech-language services. Samsky, J. G. Apr., 142.
Public school voice clinics, Part 2: Diagnosis and recommendations—A 10-year review. Miller, S. Q., & Madison, C. L. Jan., 58-64.
A survey study of a public school voice clinic program. Madison, C. L., Meadors, D. L., & Miller, S. Q. Oct., 275-280.
Trained communication assistants in the public schools. Shinn-Strieker, T. K. Apr., 70-75.
University outreach clinician training model. McMillan, M. O. Oct., 295-298.

**Incidence and Prevalence of Communication Disorders**

A survey study of a public school voice clinic program. Madison, C. L., Meadors, D. L., & Miller, S. Q. Oct., 275-280.

**Research Issues and Methodology**

Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Rastatter, M. P. Oct., 253-261.

PROFESSIONAL TRAINING

**Clinical Supervision and Interaction**

Classification systems of voice disorders: A review of the literature. Pannbacker, M. July, 169-174.

## TITLE INDEX

Additional information on battery-operated toys. Kaplan, J. July, 221.
Articulation characteristics and listeners judgments of the speech of children with severe hearing loss. McDermott, R. P., & Jones, T. A. Apr., 110-126.
Assessing pragmatic skills in children's language. Johnson, A. R., Johnston, E. B., & Weinrich, B. D. Jan., 2-9.
Children's attitudes toward peers wearing hearing aids. Dengerink, J. E., & Porter, J. B. July, 205-209.
Classification systems of voice disorders: A review of the literature. Pannbacker, M. July, 169-174.
A comparison of auditory language comprehension skills in learning-disabled and academically achieving adolescents. Riedlinger-Ryan, K. J., & Shewan, C. M. Apr., 127-136.
Comparison of three formal methods of preschool language assessment. Mcloughlin, C. S., & Gullo, D. F. July, 146-153.
Contemporary juvenile literature depicting the communicatively impaired individual: A bibliography and implications for therapy. Tatelbaum, B. L. Apr., 137-139.
Decreasing stuttering in an elementary-level student. Salend, S. J., & Andress, A. Jan., 16-21.
Description of an ongoing special education

preschool program. Childs, P. J., & Angst, D. M. Oct., 262-266.
Developmental sentence scoring: Common scoring errors. Lively, M. July, 154-168.
Does the ability of kindergarten children to retain auditory and visual stimuli improve with training?. Mullin, L. L., & Lange U. A. July, 210-215.
Dynamic model of oral and/or signed language diagnosis. Schirmer, B. R. Apr., 76-82.
An ecological language intervention approach with mentally retarded adolescents. Gullo, D. F., & Gullo, J. C. July, 182-191.
Effects of selected rhinologic disorders on the perception of nasal resonance in children. Rastatter, M. P., & Hyman, M. Jan., 44-50.
Eligibility for speech-language services. Samsky, J. G. Apr., 142.
Functional-pragmatic evaluation of communication skills in school-aged children. Simon, C. S. Apr., 83-97.
Homemade switches and toy adaptation for early training with nonspeaking persons. Coker, W. B., Jr. Jan., 32-36.
Hypernasality: Comments on article by Andrews, Tardy, and Pasternak. Peterson-Falzone, S. July, 222-223.
Identification of filtered and attenuated natural speech by third- and sixth-grade children. Whaley, P., & Hanson, L. Oct., 281-288.
Manual communication as an alternative mode of language instruction for children with severe reading disabilities. Blackburn, D. W., Bonvillian, J. D., & Ashby, R. P. Jan., 22-31.
The modification of hypernasality in young children: A programming approach. Andrews, M. L., & Tardy, S. J. Jan., 37-43.
Performance of normal-hearing children on the SSW test, GFW noise subtest, and the GFW memory for sequence subtest. Condon, M. July, 192-198.
Problem solving in child language disorders: The clinician as clinical scientist. Kamhi, A. Oct., 226-234.
Procedure for maximizing phonological information from single-word responses. Klein, H. B. Oct., 267-274.
Public school voice clinics, Part 1: A working model. Miller, S. Q., & Madison, C. L. Jan., 51-57.
Public school voice clinics, Part 2: Diagnosis and recommendations—A 10-year review. Miller, S. Q., & Madison, C. L. Jan., 58-64.
Real-ear masking calibration for portable pure-tone audiometers. Robinette, M. S., & Brey, R. H. Oct., 289-294.
Relative amplitude and time characteristics of denasalized /m/, /n/, and /ŋ/ consonants. Rastatter, M. P. Oct., 253-261.
Response to Owens, Haney, Giesow, Dooley, and Kelly. McCauley, R. J. Apr., 141-142.
Sentence imitation in kindergarten children at risk for learning disability: A comparative study. Swift, C. Jan., 10-15.
Simple switch modifications for use in augmentative communication. Casby, M. July, 216-220.
Standardization of the auditory comprehension test for sentences (ACTS) with children. Shewan, C. M., & Pepper, J. L. Oct., 235-252.
Story retelling as a screening tool. Vail, B. H. Apr., 140-141.
Supplementing language therapy: Working with the classroom teacher. Fujiki, M., & Brinton, B. Apr., 98-109.
A survey study of a public school voice clinic program. Madison, C. L., Meadors, D. L., & Miller, S. Q. Oct., 275-280.
Teaching parents to encourage independent problem solving in preschool-age children. Thompson, R. W., & Hixson, P. K. July, 175-181.
Test-retest reliability of three G-F-W subtests. Baran, J. A., & Gengel, R. W. July, 199-204.
Trained communication assistants in the public schools. Shinn-Strieker, T. K. Apr., 70-75.
University outreach clinician training model. McMillan, M. O. Oct., 295-298.
